## Transforming organizations with research on the Management of Digital Strategies, Decisions and Processes

### Digital Strategy

*Helping people in organization seize the full potential of digital technologies and better apprehend their integration*

- Enterprise architecture
- IT governance
- Digital transformation
- Novel uses of digital solutions
- Sustainable IT

### Decision Support

*Supporting manager and decision-makers in organizations with digital and data-driven solutions*

- Integration of Data, Information & Knowledge management
- Decision support systems
- Business Intelligence
- Decision-maker profiles

### Process Management

*Solving enduring challenges related to business processes with the help of disruptive digital technologies*

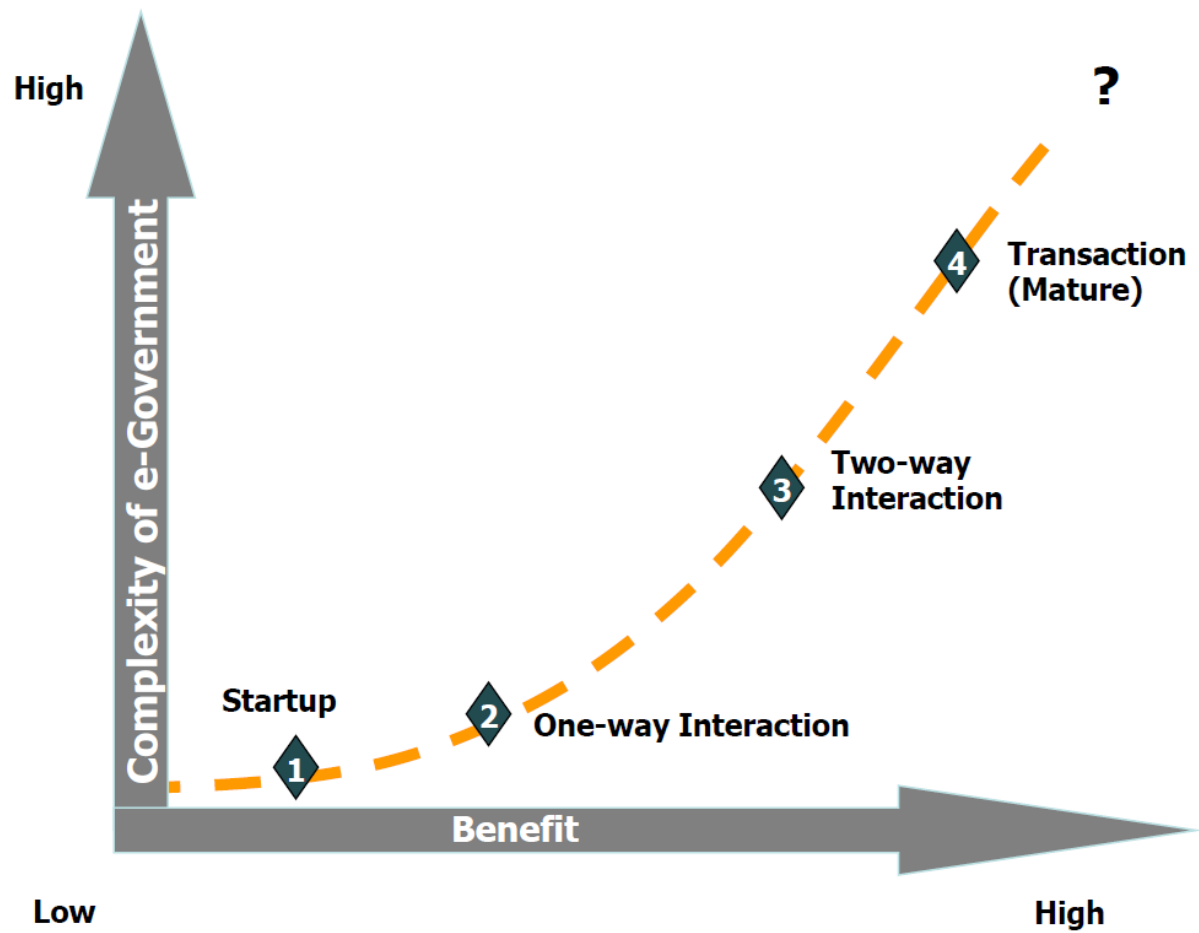

- Cross-organizational processes
- Decentralized applications
- Process mining
- Business process management

1. Big data & artificial intelligence
2. Collaborative economy
3. Co-innovation & co-creation
4. Security & Privacy
5. Software & Systems
6. Smart cities and e-government
7. Ethics and technology
8. Digital Education

Citizens as Open Data Consumers

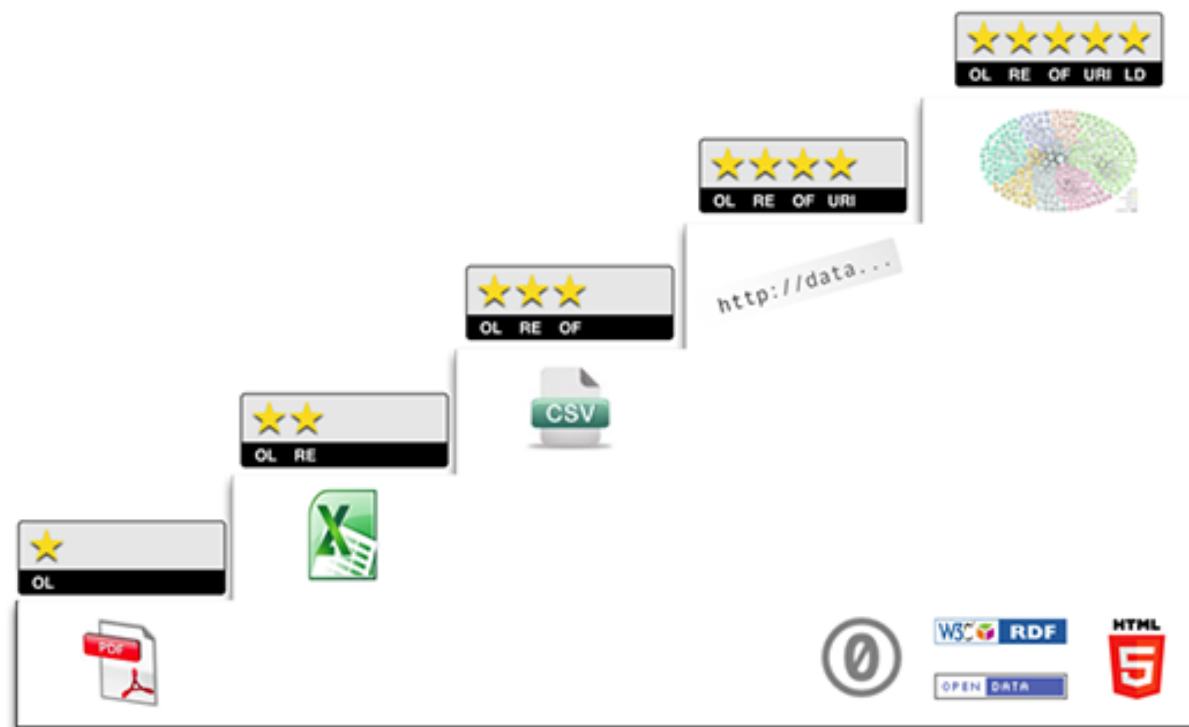

## Open Data

## PSI

# 5 ★ Open Data

There are many ways to reuse data

- Mobile or web applications
- Data journalism
- Data visualization
- Artistic works
- Research and statistics...

But in practice use is fairly low

## L'UNamur planche sur l'open data

LUC SCHARÈS Publié le lundi 17 décembre 2018 à 17h16 - Mis à jour le mardi 18 décembre 2018 à 09h14

### Tout ce qu'on peut faire des données sur le web

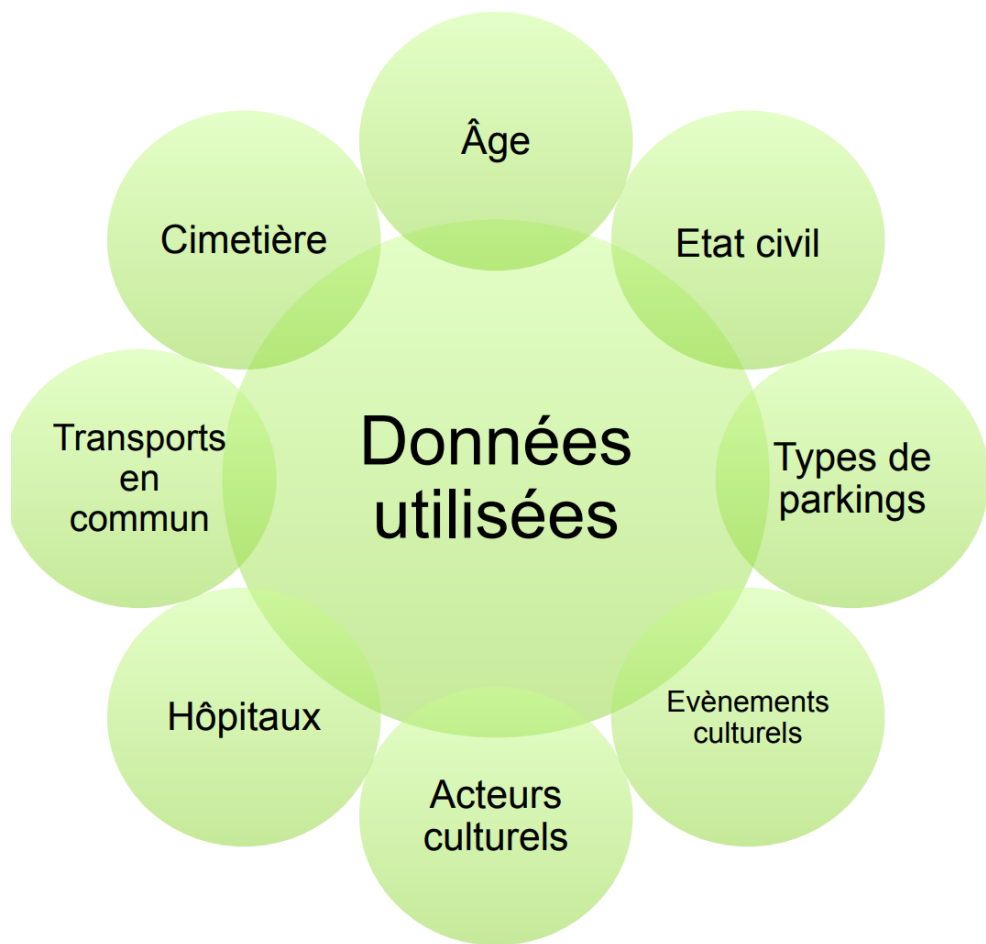

MIS EN LIGNE LE 18/12/2018 À 16:23 # PAR LUC SCHARÈS

Les étudiants de l'UNamur ont planché sur l'open data. Pour le public, c'est un accès à un nombre impressionnant d'informations tous azimuts. Pour le service public, un outil précis d'aide à la décision.

### Quelle est la clientèle visée par votre commerce ?

À quelle(s) tranche(s) d'âge votre commerce s'adresse-t-il ?

- Moins de 20 ans
- Entre 20 et 25 ans
- Entre 25 et 30 ans
- Entre 30 et 35 ans
- Entre 35 et 40 ans
- Entre 40 et 45 ans
- Plus de 45 ans
- Indifférent

À quel(s) état(s) civil votre commerce s'adresse-t-il ?

- Marié(e)
- Célibataire
- Veuf/veuve
- Indifférent

### Quelles facilités souhaitez-vous avoir à proximité de votre commerce ?

Quel(s) type(s) de stationnement souhaitez-vous ?

- Parking voiture gratuit (disque)
- Parking voiture payant
- Parking vélo
- Indifférent

Souhaitez-vous avoir des événements culturels à proximité ?

- Oui
- Non
- Indifférent

Souhaitez-vous avoir des lieux culturels à proximité (musées, cinémas, théâtres, ...)?

- Oui
- Non
- Indifférent

Souhaitez-vous avoir des hôpitaux à proximité ?

- Oui
- Non
- Indifférent

Quel(s) type(s) de transports en commun souhaitez-vous à proximité ?

- Bus
- Train
- Indifférent

Souhaitez-vous avoir un cimetière à proximité ?

- Oui
- Non
- Indifférent

## Open Government Policy of Obama

The logo consists of the words "OPEN" and "GOV" in a bold, white, sans-serif font. "OPEN" is on the left and "GOV" is on the right, separated by a vertical line. The text is set against a dark blue rectangular background that has a white, curled-up corner effect on the right side, giving it a sticker-like appearance.

- Open Data (<https://www.data.gov/>)
- Federal Government Information (<https://www.foia.gov/>)
- Federal IT investments (<https://itdashboard.gov/>)
- Monitoring Government spending (<https://www.usaspending.gov/>)
- Government services (<https://www.usa.gov/>)
- Debate bills and regulations (<https://www.regulations.gov/>)

Thank you for your attention.

Let's connect and discuss 😊
